of Engineers
Buffalo District

General Notes

The information depicted on the map represents the results of surveys made on the date indicated and can only be considered as indicating the general condition of that line. Unless otherwise noted on this map, all depictions and soundings are in feet and referred to the International Great Lakes Datum 1985 (IGLD 1985) and all horizontal positions are referred to mean sea level datum (MSL 1985). See the title block for more information.

For more information on the data used in this map, click on the link "SOUNDING" to send a message containing your request. This drawing was prepared using a CAD system. Section may be distorted.
